RUTLAND

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Rutland as limited space permits. The local resident, the visitor, and the distant reader about Rutland wish to gain an impression of Rutland as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Rutland's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Rutland City Directory disseminates this information far and wide where this Directory represents Rutland in the Free Directory Library Exchange System of North America. The Rutland City Directory, with over 420 closely printed pages, is the City of Rutland in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Rutland and all interested.

For further information regarding Rutland, address Rutland Chamber of Commerce, or H. A. Manning Company, Publishers of this Directory.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico peaks forming a most fascinating sky-line. To the west are more unusually beautiful mountains, in the Bird Mountains and the northern end of the Laconic Range, and to the north a broad valley reaching into the Champlain valley, also to the south an unusually beautiful valley running into Massachusetts and the Berkshires. From any high point in the city of Rutland can be seen the high points of Taconic range to the southeast, which really separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In the summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or base ball parks. There is also mountain climbing to be had within a few miles of the city. The

trail to Mt. Killington, over 4,100 ft. in height, is one of the notable mountain climbing stunts of western New England. For lesser climbs there is Shrewsbury and Pico, and the trails in the Green and Bird Mountains. Lake Bomoseen is also available to Rutland residents and visitors, at a distance of about 10 miles, and is a fine body of crystal clear water, some 8 miles in length. Lake Dunmore, 20 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction, for camping, boating, and bathing. There are other smaller lakes not far distant from Rutland, and easily accessible. The Rutland Country Club has an 18 hole golf course, 6,200 yards, 71 par, professional in charge; club house charges to visitors \$1.50 per day.

Of particular interest to outdoor sports lovers is the proximity of the "Long Trail," which passes within 15 miles of Rutland, doubling along the ridge of the Green Mountains, and crossing the following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland and Mendon, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of little Killington and Killington, little Pico, and Pico. This is one of the most famous trails in eastern North America, and has a large number of hikers annually. Rutland is one of the supply points on this trail. For the past few years there has been agitated a sky-line highway over the Green Mountains that would pass the east of Rutland near the route of this Long Trail and would bring many visitors to Rutland. There is a winter sports area on Pico peak much frequented by Rutland ski enthusiasts.

EDUCATIONAL—There are 8 elementary schools, 1 high and 1 intermediate, making a total of 11 schools, 2 Parochial. Through a new high school building, provision has been made for growth which is pressing. There are 8 principals and 82 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 2,132. The parochial school enrollment is over 1,344. Public Library has 27,948 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

Total population covered by this directory is 26,283.

MERCANTILE—Rutland is a trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. It has 300 fine stores, retail and wholesale; it has 200 professional offices. The annual payroll of the Rutland industrial district is over \$6,000,000, for all workers within the city is well over \$7,000,000.

TRANSPORTATION—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lakes-St. Lawrence River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania without change; the other divisions connect with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total number of passenger trains in and out of Rutland daily are 26. Write your views to them on all important local, national, and international legislation that comes up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under evil influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgment and common sense. Guide them with good, old fashioned home-town logic and help save America from pitfalls which daily threaten our constitutional rights.

(In force December 15, 1791)

ARTICLE I.

(RELIGIOUS ESTABLISHMENT PROHIBITED. FREEDOM OF SPEECH, OF THE PRESS, AND RIGHT TO PETITION.)

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble and to petition the Government for a redress of grievances.

ARTICLE II.

(RIGHT TO KEEP AND BEAR ARMS.)

A well-regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.

ARTICLE III.

(NO SOLDIER TO BE QUARTERED IN ANY HOUSE, UNLESS, ETC.)

No soldier shall, in time of peace, be quartered in any house without the consent of the owner, nor in time of war but in a manner to be prescribed by law.

ARTICLE IV.

(RIGHT OF SEARCH AND SEIZURE REGULATED.)

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

(PROVISIONS CONCERNING PROSECUTION, TRIAL AND PUNISHMENT—PRIVATE PROPERTY NOT TO BE TAKEN FOR PUBLIC USE WITHOUT COMPENSATION.)

No person shall be held to answer for a capital or other infamous crime unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use without just compensation.

ARTICLE VI.

(RIGHT TO SPEEDY TRIAL, WITNESSES, ETC.)

In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the state and district wherein the crime shall have been committed, which districts shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.

ARTICLE VII.

(RIGHT OF TRIAL BY JURY.)

Mortality of Advertising

The waste basket is the grave of millions of dollars of advertising every year. Keep your advertisement before the public by using a medium that is not thrown away—

The City Directory

Thousands of references are made each day during the entire life of the City Directory. Your advertisement is always there because you buy—

The Churches

WITH A TOTAL OF FIFTEEN, representing all the leading denominations, Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlandians of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

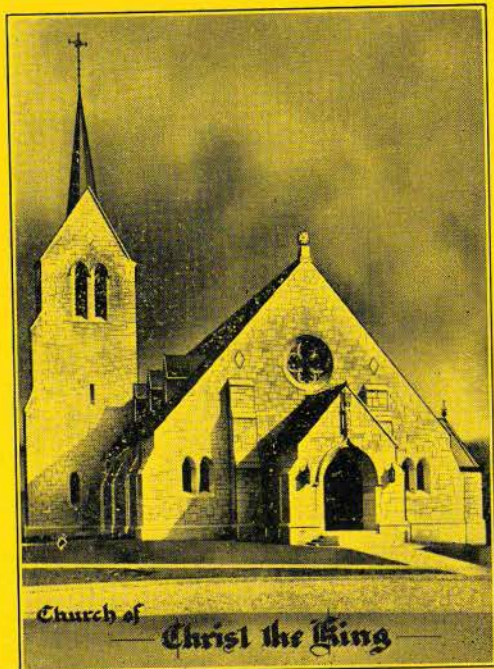

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us.

Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

**When You Place Your Ad
in the City Directory**

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

Your City Directory

Do not say a name is not in the Directory because you cannot find it. You may not know the correct spelling under which it is listed.

Do not say a Church, Club, Association or Institution is not in the Directory because you cannot find it. Study the Index to Contents page—the second white page in the Directory and learn where to look.

Do not condemn the authenticity and completeness of YOUR City Directory without giving it a fair trial. Study it and learn its many valuable features with which you are not familiar. It is the greatest example of compiling and indexing, to be found.

**WHEN YOU PLACE YOUR AD
IN THE CITY DIRECTORY**

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.
